Ministry of Education Lesotho

I worked at the Ministry of Education Lesotho (MoET) as an intern doing web development and as part of the IT support team. I worked under the close supervision of the HOD in the same office and during this time I was commended for an excellent delivery.

Community Servant

2019 Jan - Jun

AHF Clinic Katlehong

I worked as part of the students that undertook community service at Katlehong clinic. This was a non-profit project in which we were supposed to take care of the clinic's premises from the inside out. The project was intended to help the students to both develop both the skills and the spirit of usefulness in their environment.
